

INVENTORY FOR CHEMICAL WASTE CONTAINERS

This sheet is used for laboratory clean-outs with 10 or more different items. The words "Hazardous Waste" and full chemical names of all contents must be on each waste container. The completed form can be scanned and attached to a Chemical Waste Pickup Request in EHS Integrator, faxed to 432-6148 or emailed to waste.requests@yale.edu. Leave this copy with the chemicals to be removed.

Chemical Name	Number of Containers	Size of Containers	Chemical Suitable for Reuse/Exchange (Y or N)	Special Hazards
Total number of containers on page:				

Principal Investigator: _____ **Building:** _____
Lab Contact & Phone Number: _____ **Room #:** _____
Department: _____

This material is properly described and labeled, and is in the proper container for handling and removal.

 Professional's Signature _____
