

**GET RID OF YOUR AGING, UNWANTED CHEMICALS.  
GO TAGLESS FOR ONE DAY ONLY.**

Environmental Health and Safety will hold a Chemical Clean Out Day to help you clear your lab of unwanted chemicals (**especially peroxide forming compounds**).

**Who:** Labs in Bass, CRB, ESC, KCL, KGL, OML, SCL, SPL, YSB

**When:** Monday April 22<sup>nd</sup>, 9:00 am-3:00 pm

**Where:** Chemistry Research Building (CRB), Room 313

**More information:** Contact Environmental Affairs at 203-432-6545

Here's how it works:

- You do not need to tag or inventory your chemicals for this event. Simply write all of the contents on each container.
- Bring your unwanted chemicals using a secondary containment or cart to CRB, Room 313 (No radioactive materials or controlled substances).
- If you have a large number of chemicals (50+), please contact Environmental Affairs at 203-432-6545 to arrange for a special pick up.
