## Yale Environmental Health and Safety Internship: Industrial Hygiene - Summer 2025

Are you passionate about creating safer and healthier environments? Do you aspire to make a tangible impact in the field of Industrial Hygiene and Occupational Health? If so, this Internship offers an exciting and unique opportunity for you!

### Why Join Us?

Dive into a hands-on experience working alongside industrial hygienists at one of the most prestigious universities in the world. This immersive internship not only hones your technical acumen but also enhances your soft skills—preparing you for a dynamic career in environmental health and safety.

### What You'll Do:

- **Exposure Monitoring:** Get hands-on experience with advanced industrial hygiene equipment, directly assessing and monitoring exposure levels.
- **SDS Management:** Update and reconcile our SDS e-binders, ensuring chemical safety and compliance.
- **PPE Assessments:** Independently evaluate personal protective equipment use and compliance in laboratories.
- **Noise Surveys:** Conduct detailed noise surveys in a variety of settings, documenting sound levels, and updating signage.
- **Chemical Inventory Management:** Play a key role in the periodic reconciliation and quality assurance of our chemical inventory database.
- **Diverse Responsibilities:** Engage in a variety of additional tasks that ensure a well-rounded, robust internship experience.

### Who We're Looking For:

We're seeking enthusiastic undergraduate or graduate students who are working towards a degree in Industrial Hygiene, Occupational Health & Safety, Engineering, Public Health, or a related field. Ideal candidates will bring:

- **Communication Skills:** Strong verbal and written skills to effectively convey important information.
- **Organizational Skills:** The ability to manage your duties efficiently and meticulously.
- **Technical Proficiency:** Familiarity with data entry and tools like Excel, Word, and Outlook.
- **Collaborative Spirit:** Capable of working both independently and as part of a team.

### What to Expect:

- **Dynamic Work Environment:** This role involves walking to multiple campus locations and occasionally performing physical tasks such as lifting, pushing, and stair climbing.
- **Safety First:** You'll need to be comfortable wearing personal protective equipment as required.

### Perks of the Internship:

- **Professional Growth:** Develop both your technical knowledge and professional skills.
- **Mentorship:** Gain insights and guidance from experienced industrial hygienists.
- **Networking:** Build strong professional connections within the industry and academia.

Discover the critical role of industrial hygiene and make a significant impact on safety and health at Yale. Join us this summer and be part of a dedicated team striving for excellence in environmental health and safety.

**Apply today** to embark on a transformative journey with Yale Environmental Health and Safety!
