Please wear Yale ID on outermost layer of clothing

Stay at least 6 feet from others (about 2 arms’ length)

Since people can spread the virus before they know they are sick, it is important to stay away from others when possible, even if you—or they—have no symptoms.

A mask or face covering must be worn in this building

By covering your mouth and nose with a face covering, you are less likely to transmit the virus to others if you are asymptomatic or have unrecognized, early COVID-19 symptoms. Face coverings are not a replacement for social distancing and hand hygiene.

More information about using face coverings:
