Note on Daycare Centers:

Although not classified as Target Housing, 2 Daycare Centers (Edith B. Jackson and Calvin Hill) are known to contain lead-based paint. The painted surfaces at these locations have been tested, mapped, and identified by Yale EHS, and are maintained intact and encapsulated. Copies of these surveys are available from Yale EHS or the Daycare Director. In the event that painted surfaces must be disturbed in these locations, contact Yale EHS in advance.
