

# Travel Notification Form

For Graduate and Professional Students

Yale [Travel Guidelines](#) strongly urge graduate and professional students to limit their travel outside Connecticut in the fall of 2020. If personal travel outside of Connecticut is necessary, your Dean must be notified in advance by submitting this form to your school's Health and Safety Leader. (Research-related travel restrictions are [here](#). The same link includes Yale guidance about travel to specific locations.)

If your travel destination is a high transmission state (according to the [Connecticut COVID19 portal](#)), you must meet all return to Connecticut requirements (including registration and quarantine).

Failure to notify your [School Health & Safety Leader](#) in a timely fashion prior to travel is a violation of the community compact. State requirements and Yale's policy apply and may change at any time should the health and safety environment warrant.
